

Welcome to the Wireless Society of Southern Maine.

Maine's most active ham radio club.

Thank you for joining!

The Wireless Society of Southern Maine strives to be more than just a ham radio club. We continue to work on ways to innovate, while remaining open to new ideas. We offer informative topics, projects, workshops, on-air activities, contests, public service opportunities, and outreach to newly licensed hams. We create a meaningful environment to experience the hobby, and make a positive impact in our community. Most of all, we want every club member and guest to experience the passion we have for amateur radio.

We encourage you to support our activities, enjoy the camaraderie, and put your radio skills to use for a greater purpose by volunteering with our Emergency Communications Team. Long time members are always available to help you learn new things like getting your station setup for digital modes, contesting, and portable operating, and if you have lots of experience in the hobby already, we encourage you to share your knowledge and passion for whichever aspects of the hobby that interest you most.

To stay informed with club activities and announcements, please visit the Newsletter page on our website: <http://www.ws1sm.com/The-Radiogram.html> and sign up for our mailing list.

We are also active on social media on the following platforms:

Facebook: <https://www.facebook.com/ws1sm>

Twitter: <https://twitter.com/ws1sm>

**WIRELESS SOCIETY
OF SOUTHERN MAINE**

Est. 2010

Join us on the air!

Here's a list of nets that we support on a regular basis:

Name: **Newcomer's Roundtable Net**

Frequency: 147.090 + (100)

Day: Su

Time: 6:45 PM local time

Net Manager: KJ6JBH

Comments: All hams are welcome to join us for the Newcomers Roundtable, as we discuss interesting ham radio topics, and introduce newly licensed hams to the various different aspects of the hobby. Your net controller is Paul Courchene, KJ6JBH.

Name: **WSSM Meeting on the Air**

Frequency: 147.090 + (100)

Day 3 Th

Time: 7:00 PM

Net Manager: KB1HNZ

Comments: Join us on the 3rd Thursday of each month, for the Wireless Society of Southern Maine (WSSM) Meeting on the Air, at 7:00PM local time, on the W1QUI 147.090 + (100) repeater. The purpose of the net is to keep members who can't attend in-person meetings, up to date on club activities. We also discuss various ham radio topics, which often coincide with upcoming events. All are welcome to join us. You don't have to be a member to check in. The net welcomes all forms of traffic.

Name: **The After Net**

Frequency: 28.455 USB

Day 3 Th

Time: 8:00 PM

Net Manager: KB1HNZ

Comments: Join us immediately after the close of the WSSM Meeting on the Air for "The After Net," which meets on 28.455 USB. Once we take check-ins, and see who can hear each other, the net becomes a fun, informal roundtable.

Name: **Maine Dirigo Net**

Frequency: DMR MARC Maine Statewide Talk Group (Time Slot: 2, Talk Group: 3123)

Day: Su

Time: 10:00 AM

Net Manager: KC1HBM

Comments: The purpose of this net is to exchange news and information that is of special interest to Maine amateur radio operators, discuss general ham radio and DMR topics of interest, exchange traffic, and to temporarily fill the void of the "12 County Net."

Name: **WSSM-ECT Net for Cumberland County**

Frequency: 147.090 + (100)

Day: 4 Th

Time: 7:00 PM

Net Manager: KB1HNZ

Comments: The purpose of the WSSM-ECT Net is to pass traffic, conduct on-air training, and to encourage interest in the Amateur Radio Emergency Service and Radio Amateur Civil Emergency Service in this coverage area. Additionally, other frequencies and modes may be used during the net, including FM Simplex, DMR, or HF. All amateurs are welcome to join us.

The net focuses on developing skills, such as familiarity with message forms, traffic handling, using modes like FM Simplex, Winlink, Packet, and the FIDigi suite, while fostering an interest in and recruiting newcomers to emergency communications. The net welcomes all forms of traffic, both real and simulated.
